#### Data Explanation for AP **ACCESS** and **SUCCESS** measure:

Part of **IDOE's Plan** for creating and promoting a statewide culture of academic excellence is for **25% of all Indiana graduates to pass** at least one *Advanced Placement* exam (score of 3 or higher), or *International Baccalaureate* exam (score of 4 or higher), or earn at least 3 semester hours of college credit during their high school years (*Dual Credit*).

This data report represents **Indiana public schools AP student achievement in relation to the 25% IDOE goal**. The 2009 data found in *column 1* show **12** Indiana schools exceed the **25%** mark when accounting just for AP student achievement. **The 2009 state average for Indiana public schools for this AP metric was 10.4%**; aggregated state-level PSAT data strongly suggest this metric could be as high as 33% for Hoosiers. **(Not to be confused with the state's overall pass rate on AP exams taken, which is about 50%. See end of report)**

**Column 1 (2009):** This is the percentage of a school's 2009 graduates that passed at least one AP exam at some point during their high school career. Calculated as:

*The numerator includes each 2009 graduate who earned an AP exam score of 3 or higher on an AP exam at any point in his/her high school years; if a student earned more than one AP exam grade of 3 or higher, he/she was still only counted once. The denominator is the overall number of a school's 2009 graduates.*

A school may significantly increase this percentage by **increasing the number of individual students taking and passing** AP exams. This measure focuses entirely on **combining student access with success**.

**Column 2 (2008):** Same metric as *column 1*, for the 2008 grads

**Column 3 (2007):** Same metric as *column 1*, for the 2007 grads

**Column 4 (2006):** Same metric as *column 1*, for the 2006 grads
